In the first wing there is a large kitchen with dining room and two fireplaces with wood-burning oven, a small balcony and a storage/boiler room, a bedroom and a bathroom; on the bedroom floor above we find 2 bedrooms, a bathroom and a pocket terrace on the roof where you can enjoy a beautiful panorama. In the second wing we find a large living room with a small room that could also be used as a bedroom and on the floor above there is a low attic, accessible by an independent staircase, a room and a large living room where a bedroom and a bathroom are. can be made. From a bedroom on the top floor there is access to the attic, which is useful as a storage room. The house has a basement yet to be completed with tavern, bathroom, garage of approximately 80 m2, cellar with typical cellar on the floor below; the rooms designed for a "tavern" have been partially renovated and some of the work has been carried out. Finally, the property has a small piece of land separate from the building that can be restored and created a terrace garden or a small vegetable garden. Characteristic is the view of the village square with its church and castle.

The property is habitable and "Vintage"... but some general work is still needed (particularly the bathrooms, some floors, systems and works in general). In concrete terms, minor renovation work must therefore be carried out internally with the finishing of some areas (ground floor and downstairs - tavern/tavern). There are typical rooms with wooden beams and terracotta, a beautiful handmade wooden staircase, oven and special elements from that period. Other rooms have smooth and sloping ceilings. Furniture and soft furnishings included for vintage style enthusiasts. The cellars have an internal well, a centuries-old reservoir, a wood oven and complete, vintage furniture that gives an atmosphere of a bygone era and adds value to the house.

About ItaliaCasa

ItaliaCasa is a fully accredited Italian real estate agency, specialized in the assistance of foreign property buyers in the most beloved parts of Italy. We combine the best of two worlds. Firmly settled in Italy, we do not forget our northern European roots. Our multilingual representatives in Italy are a guarantee for a perfect understanding of the local market conditions. We understand our international clients as we do understand the Italian way of doing business. This enables us to offer to our clients the best possible assistance during the buying process.

Why choose for ItaliaCasa?

A successful purchase in Italy does not end with the finding of the right property on a web site. Especially nowadays an interested buyer can find many intermediaries and web portals through which foreign properties are being offered for sale. Often these type of companies lack any knowledge of Italian real estate, the market situation and the legal system in Italy. It is important to choose an officially registered agency who not only knows their properties, but also can properly facilitate the entire buying process with its expertise. According to ItaliaCasa this is when the important part only begins. The completion of the purchase is the work of specialists who know where problems can arise and which matters require extra attention during the purchase. All land registry, legal and permit aspects are being mapped so the interests of the client are optimally being looked after. The end result is a purchase without worries!
